OVER THE YEARS

Commentaries based on cataloging over 300 sales and collecting since 1928.

The present *"Explosive"* market still continues. Many of the record prices set in our November 2-3 sale at Harrisburg now appear to be "bargains" (we would gladly pay over the $14,500.00 realized for the 1879 Stella, choice proof gold, etc.). Several additional coins have since joined the illustrious $100,000 plus class thereby making the then record prices realized for the 1792 Birch Cent, 1841 "Mona Lisa" No Drapery Dime, 1894-S Dime and 1823/22 Quarter seem low in the $50,000 plus class. A number of the estimates in this sale will no doubt be exceeded as they were made several months prior. Good hunting.

It has a price tag of $2,995.00 attached to it. Trends unc. $2,000; surely this proof now worth over 4,000.00.

CONFEDERATE HALF DOLLAR

54–1861 CONFEDERATE restrike, Brilliant Uncirculated, SHARPLY STRUCK. One of the sharpest struck specimens we have seen. VERY RARE SO CHOICE as nearly all come with a badly flattened Liberty Seated side due to the striking of the Confederate side. Well worth over 1,000.00.

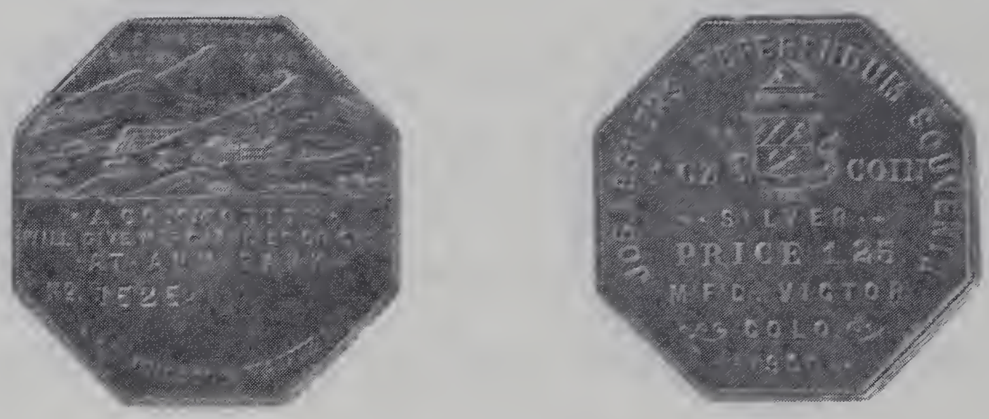
1900 BANK TYPE LESHER DOLLAR



475–Lot 1089 of American Auction Association May 18, 1973 sale described therein as follows: "Exceedingly Rare and seldom-offered BANK TYPE. Refer to page 246 of Guide Book, where this is listed and unpriced. Joseph Lesher, a Victor, Colorado entrepreneur issued his own 'dollars.' These were purchased by various merchants, mostly in the Victor and Cripple Creek area, and were used as circulating medium. Lesher evidently thought that these would be accepted readily by banks in the area, and in anticipation of this, he had six pieces struck with the inscription: *WILL GIVE IN MERCHANDISE OR CASH AT ANY BANK.* Hibler-Kappen note of this piece: 'Only six pieces, die trials, were struck, and then the bank plan was discarded.' Of these six pieces struck, **only five are known today** (cf. Guide Book). The presently offered example is in AU grade, is serially numbered 1525, and is valued by the consignor at about $7,500.00. Not only is the piece a rarity, it is also important as a tangible reminder of the bank distribution and acceptance plan which did not succeed. As such, it is of great significance to the specialist in this series."

A perusal of the price list of that sale indicates it realized $5,400.00. Now, over a year later, we expect this RARE & DESIRABLE TYPE to reach or even exceed the $7,500 value then assigned it.

1895 PROOF SET 1 Cent – $1

478–1895 PROOF SET 6 mounted in plastic holder: Brilliant to golden 1-5-10-25-50 Cent-$1. Careful examination with a glass reveals a microscopic nick on the edge of the 50 Cent and faint evidence of several-years old cleaning of $1. Still, the set is superior to most sets we have seen in recent years. The rapid rise in value during the past year leads us to believe this popular set will exceed $8,000; perhaps realize closer to 10,000.00.

EXCESSIVELY RARE! In fact, ***we cannot find a record of a single specimen being offered during the past fifteen years we checked.*** **In trying to find some idea of value for this extraordinary note, two opinions we received were $1,500 and $2,500.00. Whether these valuations are conservative or optomistic will be known after this sale.**

1968-S ERROR PROOF SET, 10 Cent WITHOUT MINT MARK

496–**1968 BRILLIANT PROOF SET IN ORIGINAL CONTAINER, Error Die of 10 Cent WITHOUT "S" MINT MARK!** Listed on page 60 of Guide Book. **Card accompanying set has** *"ONLY 20 KNOWN $8,500.00."* **We note buying ads offering to pay $6,000.00 for a set, therefore the value accompanying the set seems to "be in line," namely 8,500.00.**

UNIQUE 1968-S MINT ERROR PROOF SET

497–**1968-S BRILLIANT PROOF SET IN ORIGINAL CONTAINER** but the **CENT IS STRUCK ON A DIME PLANCHET!** This was lot 1849 of our Nov. 3, 1973 sale with the comments: "We have checked with the leading authorities in Mint Errors and have been assured that *THIS SET IS UNIQUE! We cannot see how it could happen, but it did.* Proofs are made specially for collectors under rigid conditions and inspected a number of times during their production. *In fact, they are inspected so many times that it is virtually impossible for this to happen ––– but it did ––– ONCE!*
Another kind of error also occured in 1968-S Proof Sets. Several sets exist with the "S" mint mark missing from the dime. The Sept. *Wall Street Coin Investor (page 2)* lists this set at bid (prices dealers offering to pay) at $6,100.00 in August and $6,800.00 in Sept."

This ERROR CENT SET realized $2,100.00. The rapid rise in values for rare coins since then leads us to expect this **UNIQUE SET** to now bring over $3,000; perhaps closer to 3,500.00.

SEMI-UNIQUE 1969-S MINT ERROR PROOF SET

498–1969-S BRILLIANT PROOF SET IN ORIGINAL CONTAINER but an **EXTRA KENNEDY HALF DOLLAR STRUCK ON A QUARTER PLANCHET IN PLACE OF THE QUARTER!** Lot 1850 of our Nov. 3, 1973 sale with the comments: "We leave it to the mathematicians to estimate the odds that this could happen ––– but it did! The leading Mint Error authorities have a record of only one other such set existing." This set realized $2,100.00. We expect this **SEMI-UNIQUE SET** to now bring over $3,000.00; perhaps closer to 3,500.00.

1970-S ERROR PROOF SET, 10 Cent WITHOUT MINT MARK

499–**1970-S PROOF SET IN ORIGINAL CONTAINER, lovely toning at edge, Error Die of** 10 Cent WITHOUT "S" MINT MARK! Listed on page 60 of Guide Book. **ONLY 2,200 SETS STRUCK! We note prices of $650 to 700.00.**

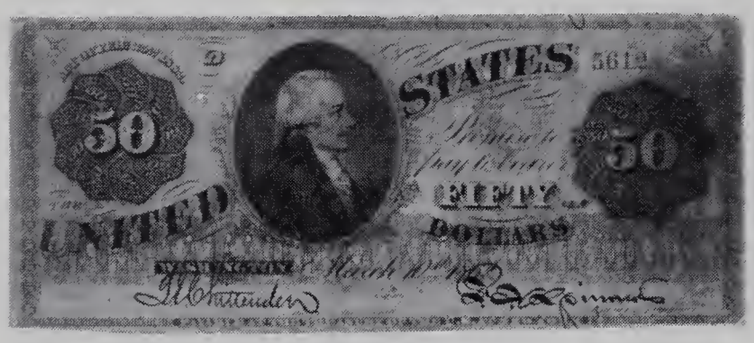
THE EXTREMELY RARE 1862 F149 $50 LEGAL



580–**$50 F149 1862 with RARE SECOND OBLIGATION, Low plate No. 3 & Series No. 2** (this could be the Grinnell specimen). This specimen is basically Fine and very nice appearing, edges are slightly frayed and evidence of counting mark at upper right hand margin. This note is *one of the rarest of all $50 Legals and is considered by expert* **Walter Breen** *to be "Extremely Rare."* It has been several years since we can recall another being offered. We would estimate that no more than a dozen of these specimens exist. Again, we must reiterate that when it comes to purchasing rarities such as this, **a true bargain is the opportunity to acquire it.** We doubt if another is presently available, even at 5,000.00.

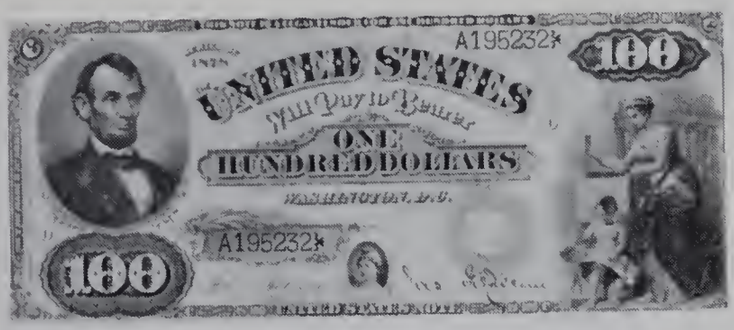
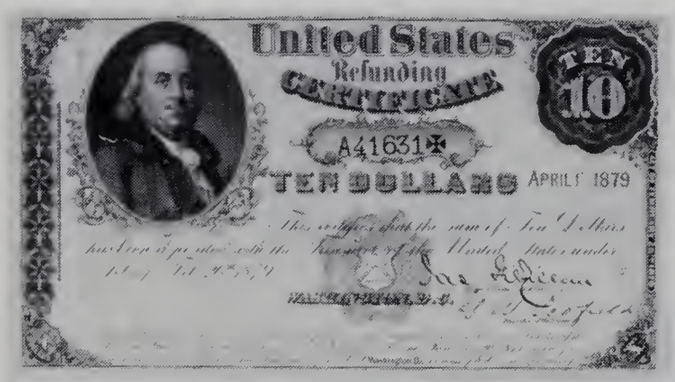
THE EXCEEDINGLY RARE FINEST KNOWN SPECIMEN of the

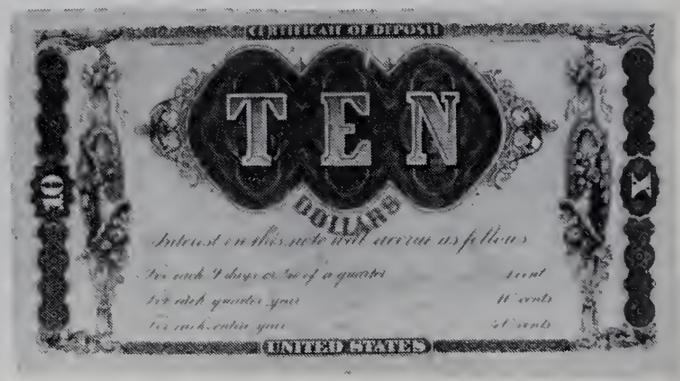
$100 1878 F171 LEGAL TENDER NOTE



582–$100 F171 Allison-Gilfillan, Lincoln & Architecture (allegory), ornamental background. The last time this great rarity appeared on the market was in September of 1968 when we had the pleasure of auctioning the FAMOUS GRINNELL SPECIMEN. That specimen was "strictly Very Fine"–the finest Mr. Grinnell could locate in all his years of collecting. The specimen we here offer is, UNBELIEVABLY NEW!!! The horizontal borders are cut at an angle. This remarkable specimen is far, far nicer than the Grinnell specimen and is BY FAR, THE FINEST KNOWN!!! Expert Walter Breen states that he knows of only 3 including the Grinnell specimen. In our over 40 years as professional numismatists we know of only one other. Our Grinnell specimen sold in 1968 brought $1,550.00; this FINEST KNOWN specimen 6 years later should realize at least five figures.

VERY CHOICE 1879 $10 REFUNDING CERTIFICATE





583–$10 F214 1879, bust of Franklin, from a sale many years ago described as *"Magnificent UNC & of highest rarity in this splendid condition."* Under strict examination, however, we can discern a slight corner crease. *This is one of the nicest and brightest notes we have been priveledged to handle in our over 40 years as professional numismatists.* These notes have always been grossly undervalued (particularly in choice condition) and Friedberg does not attempt to value them in better than Fine. **Since then, it has been discovered that there are only up to a maximum of 200 known specimens!** *This is by far one of the FINEST KNOWN!* It should surely exceed $2,500; **probably closer to 3,500.00.**

584–**$10 F214 1879 Refunding Certificate,** Fine with tiny nick at top and several pinholes. **Scarce. Catalogs Fine 750.00.**

THIRD SESSION

Saturday Afternoon, July 13, 1974

1:00 P.M. --- Lots 892–1324

1796 SMALL EAGLE DIME

892–1796 Lovely virtually UNCIRCULATED specimen with just the faintest rubbing evident when closely examined with glass, pleasing bluish golden patina. So choice that it was acquired as "Uncirculated, blue toning." We note the specimen in Stack's Oct. 1973 sale described as "Uncirculated, trifle softly struck on eagle's breast which is characteristic of this coin" has much the same appearance as this one, although Stack's coin was a trifle sharper in the stars and possibly on some of the hair strands. That coin brought $3,900 almost a year ago; surely this specimen in a higher market worth at least 3,000.00.

HERALDIC REVERSE DIMES 1798-1807

893–1798 OVER 97, 16 Stars reverse, about Fine obverse with reverse closer to Very Fine. Trends Fine $550 & V.F. $850; this worth?

897–1803 Very Good (uneven wear, Liberty weak but lower half obverse and most of reverse close to Fine). Year-old caltaog V.G. 190.00.

Acquired as "If not actually the "FINEST KNOWN," then it surely is among the top two or three choicest.** *ONLY 10 OR 12 SPECIMENS SAID TO BE KNOWN! One of the most underrated U.S. coins.* **Acquired in 1965 when it was valued $2,500.00. We believe it should now easily be worth over 3,500.00.**

899–1807 Very Good to Fine (left side weaker than right). Year-old catalog in only V.G. $120; now worth?

1016–1796 Very Good obverse except first three stars on right worn; reverse fair to Very Good (uneven wear), repaired at "1" in date with "1" cleverly engraved over repair (some evidence of repair at this spot on reverse). Actually its appearance is better than the description would imply. Mounted in transparant holder with $1,000.00 marked on it. The demand is so strong for this "one year only type" that we would not venture an opinion what this might now bring.

HERALDIC EAGLE QUARTERS 1806-1807

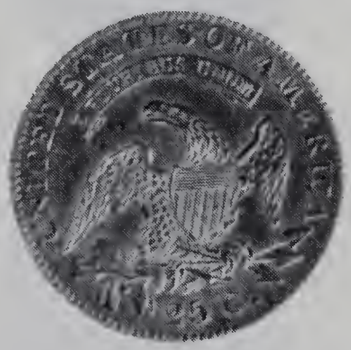
1821 PROOFLIKE GEM QUARTER



1020–1821 GLITTERING BLUE SHARPLY STRUCK PROOFLIKE GEM! We do not see how a choicer specimen could exist! We had to examine this remarkable specimen quite closely before calling it "Prooflike" rather than an intentional proof. *We could devote a page extoling the virtues and desirability of this* **"fantastic"** *specimen but one look will suffice to convince the most skeptical.* Paramount's March 1818 "Uncirculated choice" photo reveals some weakness on the left eagle's wing. That one was $3,400.00. **This beauty is** *at least twice as desirable!* **It will be interesting to see what it brings in the present strong market for exceptional coins.**

1021–1822 Very Good with reverse closer to Fine. Cat. V.G. $37.50 & Fine $60; worth?

THREE DOLLARS GOLD

The entire coinage 1854-1889 is less than that for a single year of some of the $1, $2½, $5, $10 or $20 gold. Obviously, they have excellent potential for future rise in values.

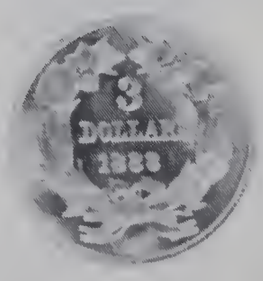
1888 THREE DOLLAR GOLD PROOFLIKE



LOT NUMBER 1467

1467–1888 BRILLIANT VIRTUALLY COMPLETELY PROOFLIKE WITH WIRE EDGE! The slight porosity in the field leads us to question the "PROOF" attribution on the plastic holder. It is indeed a lovely specimen, although we believe it was not intentionally struck as a proof, which it so closely resembles. Similar specimens have been offered this year at around 3,500.00.

1468–1889 Brilliant Uncirculated with WIRE EDGE! Only 2,429 total struck. Last year of coinage. Acquired in 1973 at $1,450; present value should be at least 1,750.00.

It pays to know who you are dealing with. As rare, if not actually rarer than the solid gold one but not as valuable. The solid gold one would bring many thousands today, if available. This gold-plated specimen now worth in the "High Four Figures." The rapid advance in values for Stellas since then is reflected in the May 15th page ad by an Eastern dealer offering a copper specimen at $15,000.00. $10 1795 CHOICE

1521–1795 SMALL EAGLE, appears to be UNCIRCULATED but close inspection with a glass reveals faint rubbing in the right obverse field and a pinpoint nick below the eagle on the reverse. A lovely specimen of this popular "First Year Of Type." At least the equal, if not actually superior to the one recently offered at $10,000.00.

1522–1801 LARGE HERALDIC EAGLE, BRILLIANT UNCIRCULATED WITH PROOFLIKE SURFACE, Sharply Struck with the exception of the first two stars at left which do not show the center points. Consignment E

$1 GOLD 1854 TYPE II, MINT STATE UNCIRCULATED

1609–1854 TYPE II, BRILLIANT UNCIRCULATED, SHARP STRUCK MINT STATE! Close examination reveals this variety was struck from the scarce rusted obverse die. SHARPER STRUCK than most with only the right upper corner of 8 not fully struck up (the great majority seen over the past forty years have had the 8 weakly struck to almost non-existant). Ordinary (weak struck) unc. trends $2,750; this SHARP STRUCK "MINT STATE" specimen well worth close to 4,000.00.

$1 GOLD 1888, MINT STATE UNCIRCULATED

1610–1888 Brilliant Uncirculated, SHARP STRUCK MINT STATE!

$2½ 1893 GEM PROOF & GEM UNCIRCULATED

1611–1893 BRILLIANT GEM PROOF, PRISTINE! Another 1893 Brilliant Uncirculated GEM! Pair mounted in plastic lettered "BRILLIANT PROOF 106 Minted" & "REGULAR ISSUE 30,000 Minted." The present strong market for exceptional coins leads us to believe this desirable pair will bring over 2,000.00.

$10 1797 LARGE EAGLE

1612–1797 Virtually UNCIRCULATED, only barest friction, faint rub in reverse field and nick in hair. A lovely specimen for date or type, mounted in plastic. According to attribution, this is Breen's B.2-C variety listed as *"R-7 borderline"* **(only 11 or 12 known).** As the usual 'common' B.2-B variety, this choice specimen would probably bring around $5,000 but as the **VERY RARE B.2-C variety,** it should surely bring at least 7,500.00.

$10 1880 GEM TWO-TONE PROOF

1613—1880 BRILLIANT GEM TWO-TONE PROOF, PRISTINE! Perhaps an equal of the ONLY 36 STRUCK may exist, but certainly no superior one.

$10 1932 CHOICE UNCIRCULATED

1614—1932 Brilliant Uncirculated, SHARP STRUCK, CHOICE! Very few of the usual bag-marks which seem to plague this issue. Tele-quotes lists "gem" at 300.00.

$20 1888 GEM PROOF

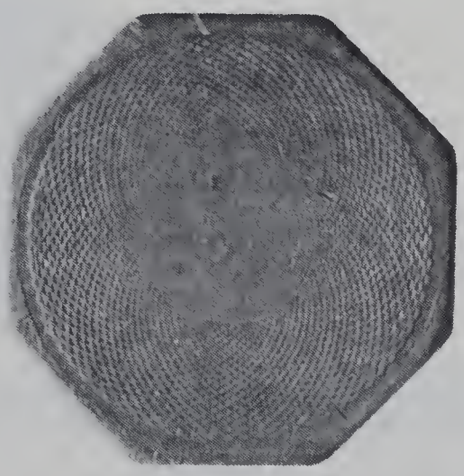
1615—1888 Lot 1744 of our Nov. 3, 1973 sale described: BRILLIANT GEM PROOF. LOVELY INDEED IN THIS REMARKABLE STATE OF PRESERVATION." The $9,500.00 realized at that sale now appears to be quite "conservative," in comparison with the new records which have since been set. It will be interesting to see how much more than the $9,500 this choice specimen will now bring. The original envelope is with the coin.

$20 1907 ROMAN DATE, HIGH RELIEF

1616–1907 BRILLIANT UNCIRCULATED, struck in medallic high relief with center higher than edges, perhaps this is why there is just the barest rub on the knee (caused by the pressure exerted in mounting it tightly in the plastic holder?), flat rim variety. *Generally acknowledged as the most beautiful coin struck by the U.S.* Trends (March) unc. $3,800; this worth now?

$50 1915 PANAMA PACIFIC OCTAGON

1617–1915 Helmeted head of Minerva, reverse owl (symbol of wisdom), eight dolphins in angles on both sides. The octagon pieces were struck on the Fair Grounds and carried away by the "public" as an interesting souvenir. This particular specimen was evidently carried as a "pocket piece" as it shows some friction (but without any defects or nicks). Only a total of 645 were sold with the remaining ones being melted at the mint. Of course many of these 645 no longer exist as we know of some that were turned in to the Government when the Gold Act was passed in 1933. Mounted in plastic with 9,500.00 on it. It is difficult in cataloging for a sale which will take place months hence, what a popular coin such as this might bring.



1618–**FIFTY DOLLS.** UNITED STATES OF AMERICA around eagle holding ribbon with 887 THOUS. above; 1852 UNITED STATES ASSAY OFFICE OF GOLD SAN FRANCISCO CALIFORNIA around outer edge; engine turned reverse of circles (as on contemporary outer cases of pocket watches). Fine to Very Fine condition with minute abrasions, but no serious bruises, typical weakness of outer edge legend.

This collection was twenty years in the making and is highlighted by the Very Rare $50 Federal Reserve Note of St. Louis, *and the* Very Rare $1,000 Federal Reserve Note. *Both these series after having been neglected for years, are now coming into demand. Many are greatly undervalued.*

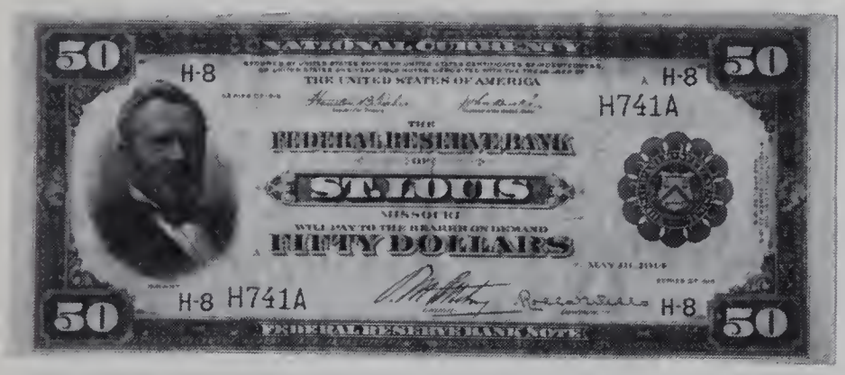
$5 FEDERAL RESERVE BANK NOTE

1657–F787 CLEVELAND E-B, Davis-Fancher, Extremely Fine.



1658–F831 ST. LOUIS 1918 Teehee-Burke, Attebery Wells. One of the most celebrated and discussed of all U.S. currency rarities. This NEW, CRISP CHOICE specimen with bright colors & nice margins is among THE FINEST KNOWN!

Treasury records reveal a total of 4,000 pieces were issued to the St. Louis Bank (the only Federal Reserve Bank to issue the $50 denomination) in 1918. As of March 1, 1968, *3,967 of the 4,000 were redeemed,* **leaving only 33 notes outstanding!**

After extensive research, William Philpott concluded in 1969, *"Undoubtedly of these 33 items, some are irretrievably lost by fire and other destructive causes, such as rats, mice, etc. My estimate is that not more than twenty-eight of these $50 notes are in existence today."*

Philpott knew of only 24 notes. Since then, William Donlon has added his formidable knowledge and has recorded 27 notes outstanding. **The specimen offered here (No. 741) has been heretofore UNREPORTED IN ANY RESEARCH OR REFERENCE BOOKS!** Following is the most comprehensive listing to date (by serial number) of 30 OF THE POSSIBLE 33 outstanding $50 Federal Reserve Notes:

103	151	671	751	2128
110	153	674	768	2923
115	168	682	770	3213
117	608	683	774	3299
118	649	689	821	3402
122	656	741	898	3800

Of these specimens, *only six have ever appeared in auctions:* **Grinnell Sale 1946; Kossoff ANA Sale 1968; Our 281st sale 1969; Our 300th sale 1973; Matt Rothert specimen 1973; and the specimen here offered.**

The last two specimens brought $5,600 and $5,000 respectively. What this choice specimen will now bring is speculative. Surely the increasingly strong demand should send it somewhat higher.
